Welcome to  
**KOSHERTORAH.COM**  
*An Excellent Torah Education Begins Here . . .*

The purpose of KosherTorah.com is to provide teachings about in-depth spiritual Judaism from 100% kosher and legitimate Torah sources.

We believe that by providing this information we inspire Jews to respect our Torah and seek a deeper relationship with Judaism.

We also aim to serve our non-Jewish readership enabling them also to learn about Torah from a proper perspective, to counter the influences of anti-Semitism and religious cults.

Following the example of many of the great Sephardic and Hasidic Rabbis,  
**KosherTorah provides Torah educational materials and practical instructions in Kabbalah (specifically those forms which are deemed suitable for translation and dissemination).**

**KosherTorah teaches Kabbalah as a tool  
to inspire Jews to live a full Torah lifestyle  
in accordance to Orthodox Halakha.**

**Teaching Kabbalah is a successful means to this end.**

Our purposes in teaching Kabbalah in English are simple and straightforward:

1. **Kabbalah study** inspires secular and questioning Jews to return to a life of Torah and mitzvot.
2. **Kabbalah study** from kosher and legitimate sources educates sincere spiritual seekers of Truth and protects them from the falsehoods of cults.
3. **Kabbalah study** from kosher and legitimate sources provides accurate Torah information as a response to the mistaken and often intentionally incorrect information about Kabbalah and Torah in general so prevalent in the world today.
4. **Kabbalah study** cultivates a tremendous appreciation for all of the Torah and brings one back into the fold of traditional Orthodox Torah observance.

5. **Kabbalah study**, when studied properly, leads one into the continuous study of Torah, Gemara, and Halakha. These are the "body" of the Torah, without which there is no Judaism and no kosher Kabbalah.

The aim of KosherTorah.com is to provide Torah educational materials in the forms of tapes, e-books and e-lessons on a vast variety of Torah topics.
